# **Hanoi Lead Carbon Energy Storage Power Station Energy Valley**

## Overview

---

Can battery energy storage systems stabilize Vietnam's grid?

Sunita Dubey and Hyunjung Lee share how Vietnam is leveraging Battery Energy Storage Systems to stabilize their grid and accelerate the energy transition.

Does Vietnam need a battery energy storage system?

Vietnam currently lacks a regulatory and pricing framework for battery energy storage systems (BESS) to provide ancillary services, which has hindered interest in PDP8's modest target of 300 MW BESS by 2030.

Did Marubeni launch a megawatt-scale battery storage demonstration project in Vietnam?

The project's official inauguration event held in December. Image: VinGroup. A green energy subsidiary of Japanese conglomerate Marubeni has brought online a megawatt-scale battery storage demonstration project in Vietnam.

Who owns Marubeni green power Vietnam?

Marubeni Green Power Vietnam, a wholly owned subsidiary of Marubeni—one of Japan's largest general trading 'sōgō shōsha' companies—partnered with Vietnamese counterpart VinGroup for the 1.8MW/3.7MWh lithium-ion (Li-ion) battery energy storage system (BESS) project.
