## Overview

---

Who makes solar panels in Vietnam?

JinkoSolar, another international solar panel manufacturer, has a significant market presence in Vietnam. The company focuses on producing high-quality solar panels that offer exceptional reliability, performance, and durability. JinkoSolar's panels are widely used across Vietnam for residential, commercial, and utility-scale solar projects. 8.

How big is the Vietnam solar panel market?

The Vietnam solar panel market size reached 1.2 Gigawatt in 2024. Looking forward, IMARC Group expects the market to reach 2.4 Gigawatt by 2033, exhibiting a growth rate (CAGR) of 7.87% during 2025-2033.

How much do solar panels cost in Vietnam?

Solar panel costs in Vietnam have declined steadily, following global trends while maintaining competitive advantages. Average pricing for high-quality monocrystalline panels decreased from \$0.34 per watt in 2022 to \$0.28 per watt in 2024, with further reductions anticipated as production scales increase.

Why should you invest in Vietnam's solar panel industry?

As Vietnam's solar panel industry continues to innovate and expand, it offers exciting opportunities for investors, manufacturers, and consumers alike. With cutting-edge technology and strong sustainability commitments, Vietnam is set to become a leading force in the global renewable energy market.
