

EQACC SOLAR

High-efficiency solar-powered containerized power station

Overview

What is a mobile solar PV container?

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates.

What is HJ mobile solar container?

The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium battery storage, and smart energy management.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why do you need a solar container unit?

Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere. With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours.

High-efficiency solar-powered containerized power station

Hitek 50kw 100kw Solar Container PCS 50kVA 100kVA 40FT High-Efficiency

Hitek 50kw 100kw Solar Container PCS 50kVA 100kVA 40FT High-Efficiency Hybrid Solar Energy System for Mining Containerized Solar Solution, Find Details and Price ...
