Who installs sigenergy hybrid inverters & energy storage solutions in New Zealand?

Planet Electrical is proud to install Sigenergy hybrid inverters and energy storage solutions across New Zealand. With their advanced technology, reliability, and efficiency, Sigenergy is an excellent choice for anyone looking to reduce energy costs, maximize solar power, and achieve energy independence.

What types of solar inverters are available in NZ?

There are different types of inverter available. This includes inverters that can connect to the electricity grid based on your home's connection. One of the most common types of solar inverter in use in NZ, however, is the hybrid inverter.

What is a hybrid solar inverter?

IP65 dust and waterproofing. When a standard string inverter isn't the right fit for your solar setup—especially if you want to store excess energy in a battery—a hybrid inverter is the obvious solution. These smart inverters seamlessly manage both solar power and battery storage, ensuring you make the most of your energy.
