

EQACC SOLAR

Household solar energy storage manufacturer in Gothenburg Sweden

Overview

What is soltech home?

In October, Soltech Energy launched the Soltech Home concept. The concept integrates solar panels, energy storage, EV charging, support services, smart controls, and customer service. Together, a tailored package is created for households seeking to future-proof their energy use and enhance energy efficiency in their homes.

Are stationary solar batteries gaining momentum in Sweden?

Installations of stationary domestic solar batteries are gaining momentum across Sweden. But there are major regional differences. In the first three quarters, 24,000 homeowners received a tax reduction ('green deduction') for installing a battery, compared to 14,000 in the whole of last year.

What is the energy storage industry?

Energy Storage forms part of the Energy industry, which is the 14th most popular industry and market group. If you're interested in the Energy market, also check out the top Energy & Cleantech, Renewable Energy, Recycling, Oil & Gas or Energy Efficiency companies. Grid-scale energy storage by organic flow batteries
