

# How much is the new Avalu tool battery

## Overview

---

Where can I buy cordless power tool batteries?

At Battery Giant, we offer some of the lowest prices for cordless drill batteries. In addition, we back our inventory of cordless power tool replacement batteries with more than a decade of service and support in the retail battery industry. Find great deals on cordless power tool batteries with Battery Giant.

What is a power tool battery?

A power tool battery is a type of rechargeable battery designed to power portable power tools. Our power tool batteries are designed to match or exceed the manufacturers requirements for these tools. Assembled from only high quality Japanese cells, these tool batteries will hold up to the worst conditions and continue to perform.

How long does a power tool battery take to charge?

The standard power tool batteries take 3-5 hours to charge completely. Modern fast-charging versions reach full power in less than an hour. Advanced models that use pouch cell technology instead of cylindrical cells can power up in just 15 minutes.

Where can I find a replacement battery for a power tool?

With batteries for over 2600 different drill and cordless power tool models ready to ship, [BatteryGiant.com](http://BatteryGiant.com) is your source for the replacement battery that you need. We have replacements for all brands, including: DeWalt, Black & Decker, Bosch, Craftsman, Skil, Makita and more!
