

EQACC SOLAR

Hybrid solar inverter factory in Los-Angeles

Overview

What is a hybrid solar system?

With a hybrid solar system, if you were to use up all the power in your battery, you have the ability to draw power from the electrical grid. JSDSOLAR medium-sized commercial energy storage system is equipped with long-life high-quality LiFePO4 batteries with module design.

What is a residential solar inverter?

The residential solar inverter solution is mainly composed of PV modules, inverters, grid-connected boxes, and other main components. The residential 3.6-25kW on-grid solar inverter system can adapt to different rooftops. Our residential solar inverters support 4G/WIFI/RS485 communication with the AUXSOL cloud monitoring platform.
