

EQACC SOLAR

Iceland solar panel fixing parts manufacturer

Overview

What accessories are available for solar panels?

At INDEX you will find a wide range of adjustable accessories for solar panels. These range from adjustable hooks to double-threaded screw plates. All these products are used for fixing to structures of different materials and are always accompanied by complementary elements. Sealing accessories.

How to fix solar panels at an angle?

At INDEX you can find a wide range of fixings and accessories designed specifically for this purpose: Adjustable triangles. They are ideal for fixing solar panels at an angle and are mainly made of steel and aluminium. They are used as a complement to the support and help to regulate the inclination of the panels on the roof.

Why do solar panels need fixings?

The fixings for solar panels have a very clear purpose: to support the photovoltaic panels by means of a firm and resistant anchorage capable of withstanding any environmental circumstance.
