# **Is it safe to buy solar container outdoor power in Gothenburg Sweden**

## Overview

---

Does Gothenburg need electricity?

The port aims to offer shore connections well before it becomes a legal requirement in 2030. However, access to electricity is a major challenge. In 2023, the port cluster in Gothenburg made history with the world's first ship-to-ship bunkering of methanol.

Can a containerized Solar System be installed off-grid?

Off-Grid Installer have the answer with a containerized solar system from 3 kw up wards. Systems are fitted in new fully fitted containers either 20 or 40 foot depending on the size required.

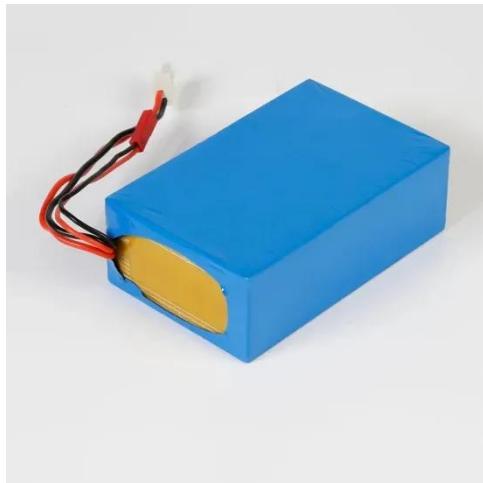

Why is Gothenburg a green port?

Through active participation in international collaborations and unique sustainability measures, the Gothenburg port cluster is positioning itself at the forefront of the global green transition. This gives us great opportunities to exercise influence, even though we are a small port from a global perspective.

Are off grid solar containers reliable?

Solar equipment is very reliable but occasionally parts may fail so there is need to monitor and solve any problems. Off Grid Solar container units guarantee security and reliability and allow the engineering team to complete installations in a few days rather than weeks.
