

# Is there a big demand for solar glass in Magadan

## Overview

---

Will a large capacity addition in solar modules drive domestic solar glass demand?

Large capacity addition in solar modules by 15-20 players is likely to drive domestic solar glass demand, say CRISIL analysts in an interview with pv magazine. New players have expressed interest to set up solar glass manufacturing in India, however, import duty removal last year on solar tempered glass has put them in a wait-and-see mode.

What is the size of solar glass market?

Based on type the solar glass market is classified as 3.2mm, 2.5mm, 2.0mm and others. Based on application the solar glass market is classified as single glass module, double glass module and others. "Various Green Benefits and Hazardous Eliminations to Double the Market Share".

Is there a market for solar glass outside India?

Some of the existing large players are global companies and already have a good presence in solar glass outside India. Globally, from the technology perspective, they already had that technology but then the module production itself was in a very nascent stage in India.

Why is the solar PV glass market growing?

Government rules that are favorable to the development of solar PV plants is one of the factors driving the growth of the solar PV glass market. Additionally, the market for solar PV glass is growing due to the surge in demand for solar systems on a residential, commercial, and utility scale.
