

## EQACC SOLAR

**Is there any solar container  
outdoor power with 5 kWh**

## Overview

---

What is a 5kw Solar System?

Introducing our cutting-edge 5kW solar system with 5kWh lithium-ion battery storage, designed to revolutionize your energy independence.

How does a 5kw solar panel work?

Harnessing the power of the sun, the 5kW solar panels are engineered to capture and convert sunlight into clean, renewable energy. The included 5kWh lithium-ion battery storage system offers reliable and efficient energy storage, allowing you to store excess solar power for use during periods of low sunlight or at night.

Why should you choose a 5kw Solar System & 5kwh lithium-ion battery storage?

Experience the freedom of energy independence with our 5kW solar system and 5kWh lithium-ion battery storage, and take a significant step towards a more sustainable and self-sufficient future.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.
