

Kiribati Camping solar container outdoor power

Overview

What is the Kiribati grid connected solar PV project?

Ending in 2018, the Kiribati Grid Connected Solar PV Project is coordinated by the World Bank and funded through a US\$1 million grant from the Global Environment Fund (GEF) and a US\$2.92 million grant from the Government of Australia, through the Pacific Regional Infrastructure Facility (PRIF).

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why do you need a solar container?

Deploy power in hoursPerfect for remote locations, construction sites, events, and emergency response situations. Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere.

Kiribati Camping solar container outdoor power

Solar Container , Large Mobile Solar Power ...

Professional mobile solar container solutions with 20-200kWp solar arrays for mining, construction and off-grid applications.
