# **Laos 40W solar street light**

## Overview

---

What is an-SLV solar street light?

AN-SLV series high-power commercial all in one LED solar street light is the latest cost-effective integrated outdoor solar led street lamp launched by Anern. The silver die-cast aluminum lamp body is equipped with a detachable battery box and COB LED lamp. The customized size is from 40W to 150W, suitable for different government projects.

What is anern solar LED street lights?

Anern Solar LED street lights are a solar solution that replaces traditional street lights by combining solar energy and LED light sources. Solar panel street lights can not only meet the basic functions of lighting, but they can also provide brightness that can reach 2-3 times the brightness of the traditional ones.

What is a Luxman S3 Series 40 watt solar street light?

This stand-alone solution is designed with a simple but classical appearance for sustainable lighting in your place. Luxman S3 Series 40 watt solar street light with integrated mppt charger utilizes the most cutting edge technology with the high efficient poly PV module, high brightness LED module, stable LiFePO4 battery, and smart controller.

Are solar-powered street lights better than traditional street lights?

Solar panel street lights can not only meet the basic functions of lighting, but they can also provide brightness that can reach 2-3 times the brightness of the traditional ones. Moreover, the power consumption of solar-powered street lights is much lower than traditional types.
