

EQACC SOLAR

Latest Price Quotes for Ultra-High Efficiency Photovoltaic Containers

Overview

Where can I buy solar products online?

Source your solar online. **ALL OFFERS** We provide the infrastructure that guarantees a secure environment for your online trading activity. Solartraders is the go to marketplace when you want to purchase solar products at the most competitive prices. No middlemen, no hidden fees, no bullshit.

Why is polysilicon pricing a critical bottom support for the supply chain?

At present, the relative firmness of polysilicon pricing is providing a critical bottom support for the entire supply chain. Short term, the market is likely to remain in a stalemate of weak supply and weak demand, with prices expected to stay at a weak and steady level.

Why have polysilicon prices remained weak this week?

Polysilicon prices remained weak but steady this week. The main support lies on the cost floor of the supply chain. Specifically, wafer prices have already fallen to cash-cost levels, meaning current pricing is largely held up by higher polysilicon costs.
