# **Liechtenstein Communications Company 5g base station construction project**

## Overview

---

Will Telecom Liechtenstein expand its 5G network in 2023?

Telecom Liechtenstein received approval to expand its 5G network the Principality of Liechtenstein in January 2023 by acquiring the rights to use frequencies through reallocation. TLI will expand its 4G/LTE network capacity and introduce 5G, the most powerful mobile communications standard currently available, to FL1 customers by mid-2023.

Will there be a 5G commercial announcement in Liechtenstein?

However, despite the changes in the telecom structures and other 5G developments by Swisscom in Switzerland, there have been no major 5G-related commercial announcements in Liechtenstein as of October 2020.

Does Liechtenstein have a 5G country profile?

Moreover, important feedback has been provided to this report by the Office for Communications of Liechtenstein. The country profile was prepared as the background contribution to the ITU Regional Forum for Europe on 5G strategies, policies and implementation. All rights reserved.

Does Liechtenstein have a telecommunication network?

The Principality of Liechtenstein has a well-developed telecommunication infrastructure with high penetration rates above the regional average both for fixed and mobile services. Focusing on the investments of state-owned companies, Liechtenstein has been expanding its fibre-optic network since the mid-1990s.

## Liechtenstein Communications Company 5g base station construction

---

### Technical Requirements and Market Prospects of 5G Base Station ...

With the rapid development of 5G communication technology, global telecom operators are actively advancing 5G network construction. As a core component supporting ...

### Telecom Liechtenstein selects Nokia to modernize its mobile ...

5G will ensure real-time communication, innovation, low latency, and energy efficiency across industries "Like all previous technologies, we are implementing 5G mobile ...

### Research on Challenges and Strategies of 5G Network ...

Abstract 4G changes our life. 5G, as a breakthrough information and communication technology, will change our society. However, with the large-scale deployment of 5G, from the ...
