Lobamba outdoor wind power base station manufacturers ranking

Overview

Founded: 1945 Location: Aarhus, Denmark Vestas Wind Systems A/S (Vestas) retains the top spot in 2024 as the largest manufacturer of wind turbines across the onshore and offshore windmarkets. Vestas i.

Which wind turbine manufacturers dominated the global wind turbine market in 2024?

Wood Mackenzie's latest report on global wind turbine original equipment manufacturers (OEMs) reveals that Chinese companies dominated the market in 2024, with Goldwind, Envision, and MingYang securing the top three positions globally for the first time. Key findings:.

What is the largest wind turbine manufacturer in the world?

Vestas is the largest wind turbine manufacturer in the world. To date, the company has installed over 145 GW of wind turbines in 85 countries. The company has onshore wind turbines and offshore turbines in their lineup. Their largest onshore turbine has a rated power of 6.8 MW and their largest offshore turbine has a rated power of 15 MW.

Is Vestas still a top 10 wind turbine manufacturer?

In 2023, Danish manufacturer Vestas still held onto third place, but as of 2024, it has lost its spot on the podium. What does this shift mean?

Two recent reports, from Wood Mackenzie and BloombergNEF (BNEF), confirm the same trend: China now accounts for six of the world's top 10 wind turbine manufacturers.

Where is Goldwind wind turbine made?

Update 2024: Goldwind has finalized the acquisition of its inaugural overseas wind turbine manufacturing facility in Brazil. Nordex was founded in 1985 and is the largest German wind turbine manufacturer. The company developed the first 4MW onshore wind turbine in 2017 and has since gone on to produce up to 6 MW turbines.
