# Malaysia Penang Inverter 12v

## Overview

---

Where to buy DC / AC inverters in Malaysia?

Find a huge range of DC / AC Inverters at element14 Malaysia. We stock a large selection of DC / AC Inverters, including new and most popular products from the world's top manufacturers including: Mean Well, Ea Elektro-automatik, Mascot, Sinergex & Belkin.

How safe is a power inverter?

The power inverter is protected against overheating and overload, as well as over-voltage, short circuiting and reverse polarity. A low-voltage alarm shuts the adapter down if needed. Comprehensively tested by engineers, it conforms to standards EN 61000-6-3 (electromagnetic compatibility) and EN 60950-1 on safe information technology equipment.

How does a power inverter work?

A soft-start mechanism limits the inrush current, preventing jerky operation and sudden mechanical stresses on machinery. The power inverter is protected against overheating and overload, as well as over-voltage, short circuiting and reverse polarity. A low-voltage alarm shuts the adapter down if needed.
