## Overview

---

What are the new grant schemes for solar energy in Malta?

The government of Malta launched six new grant schemes to incentivise the production, storage and use of renewable energy as part of the €9 million investment. The aid for solar energy will accommodate households with already existing systems to utilise battery powered systems and help new families setup the installation of new solar panel systems.

Does Malta offer a government rebate scheme for solar panels?

One of our 14 flat panel installation benefiting from government rebate scheme The available schemes also covers those households with existing solar panel systems setup in Malta which have expired feed-in tariffs. Tariffs that expired after six and eight years will be extended by 14 and 12 years respectively. Request a Quote 2148 0500.

What grant schemes are being launched in Malta for 2022?

New grant schemes have been launched in Malta for 2022 for the production and storage of solar panel energy with PV and battery systems.
