# Middle East Energy Storage Technology Project

## Overview

---

What is Mohammed bin Rashid Al Maktoum solar power plant – thermal energy storage system?

The Mohammed Bin Rashid Al Maktoum Solar Thermal Power Plant – Thermal Energy Storage System is a 100,000kW concrete thermal storage energy storage project located in Seih Al-Dahal, Dubai, the UAE. The thermal energy storage battery storage project uses concrete thermal storage storage technology.

Who is Saeed Mohammed Al-Tayer?

Saeed Mohammed Al-Tayer, vice chairman of the Dubai Supreme Council of Energy, will inaugurate the show and lead the high-level plenary of the Middle East Energy Leadership Summit. “We’ve built this edition of Middle East Energy to reflect the dynamism, ambition, and transformative potential of the region’s energy ecosystem,” stated Mark Ring.

Who inaugurated Middle East energy 2025?

Held under the auspices of the UAE Ministry of Energy and Infrastructure, this edition marks the largest in its 49-year history, emphasizing innovation in energy storage and infrastructure. H.H. Sheikh Ahmed bin Saeed Al Maktoum, chairman of the Dubai Supreme Council of Energy, officially inaugurated Middle East Energy 2025.

Why is Middle East energy launching a 49th consecutive year in Dubai?

“The continued organization of Middle East Energy for a 49th consecutive year in Dubai reflects international confidence in the emirate as a strategic centre for conferences and exhibitions, and reinforces its role in leading the global dialogue on energy security and sustainability,” stated Sheikh Ahmed.
