

## EQACC SOLAR

# Middle East Smart Photovoltaic Energy Storage Container 10kW

## Overview

---

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Where are solar power plants made?

Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

Who is supplying tunnel oxide passivated contact (Topcon) solar modules?

Meanwhile, Jinko Solar and JA Solar will supply Tunnel Oxide Passivated Contact (TOPCon) solar PV modules for the 5.2GWdc of solar arrays at the Masdar-EWEC project in the UAE.
