

EQACC SOLAR

Mobile container energy storage cabin factory

Overview

Where is harvested energy stored?

Harvested energy is stored in Lithium LiFePO4 battery banks with it's own programmed BMS (Battery Management System).

Where can a portable power container be used?

The MOBIPOWER portable power container can be used virtually anywhere on the planet and will produce and store all the power you will need.

What is a mobile power station?

The MOBIPOWER is the silent solution for your remote power needs at construction job sites, off-grid camps, or other applications. Whereas, diesel generators require with fuel and are noisy, this mobile power station uses solar energy with no noise pollution.
