

EQACC SOLAR

Mobile solar container battery in Casablanca Morocco

RS485

Communication between battery and inverters
Baud rate:9600bps

RS485 Interface

Communication between parallel packs or BMS and PC
Baud rate:9600bps

Overview

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Where are solar power plants made?

Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

Why do you need a solar container?

Deploy power in hours Perfect for remote locations, construction sites, events, and emergency response situations. Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere.

Mobile solar container battery in Casablanca Morocco

Morocco EV recycling: \$500M Circular Tech Projects Open

Morocco EV recycling is entering a critical expansion phase, with \$500 million in circular economy projects scheduled between 2026 and 2028. From Casablanca to Tangier, new battery ...
