

EQACC SOLAR

New Zealand 12v solar air conditioner

Overview

What is a solar air conditioner?

Deye's innovative solar air conditioner series represents a breakthrough in sustainable cooling technology, combining eco-friendly operation with powerful performance. Our solar air conditioners are designed to significantly reduce electricity costs while providing reliable cooling even in the most challenging environments.

What is a solar hybrid air conditioner?

The world's first true solar Hybrid air conditioner allows you to convert the sun's energy through Photovoltaic panels into DC power that is fed directly into the DC side of the Gree inverter.

What is a GREE solar hybrid air conditioner?

The Gree Solar Hybrid air conditioner benefits from smart fluid dynamic design; this has dramatically improved airflow through the air conditioner thus reducing indoor noise levels. Mould and Odour Prevention.

What is blue Airco 12V Marine air conditioning system?

PRICE ON APPLICATION The Blue-Airco 12V marine air conditioning system excels in heating and cooling efficiently with an Eco mode for sustainability. Its titanium seawater exchanger ensures durability against corrosion. Precise temperature control guarantees comfort, while its smooth and quiet operation enhances user experience.
