

EQACC SOLAR

New Zealand Auckland one piece solar container battery

Overview

What is solar battery storage?

With a solar battery storage system, either hybrid or off-grid, you can save the energy you generate to use later when the sun isn't shining. We install a range of high quality solar batteries from brands such as Dyness, Pylontech, Sigen and Sungrow. Learn more below or get in touch for a free consultation and quote. Why use Solar Battery Storage?

.

What is a powerbox2 solar kit?

The PowerBox2 solar kit. Comes fully pre-built in a high quality, powder coated cabinet, ready for a DIY install into a Shed, Tiny home or Bach. Shipping New Zealand wide MEDA has all your off grid + solar solutions. Get in touch.

Which battery is best for solar energy?

The Sigen Battery 5.0–8.0 kWh is the perfect companion for your solar energy system, providing reliable energy storage with unmatched safety and flexibility. The Powerbox Pro is a deep cycle, high capacity LFP battery with improved safety, long lifespan and optimised user experience.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.
