# **Ngerulmude Uninterruptible Power Supply Purchase EK**

## Overview

---

What is an uninterruptible power supply (UPS)?

An uninterruptible power supply (UPS) is a device that's easy to install and provides power to computers, servers, server rooms, and data centres during main energy failures, electrical surges, or unexpected power cutoffs.

Who do you partner with for uninterruptible power supplies?

We only partner with suppliers who meet our stringent supply chain standards for quality (ISO 9001), health and safety (ISO 18001), and environmental management (ISO 14001). Browse our full selection of uninterruptible power supplies or contact us today if you have any questions regarding our range. Call 0800 088 5412.

What is a ups power supply & how does it work?

Our UPS power supply provides protection from power surges, load shedding and unpredictable weather conditions. Uninterruptible Power Supply (UPS) ensures its internal battery gets constantly charged from the main electrical grid supply and delivers a steady, consistent electricity flow to any equipment or appliance plugged into it.

What support can I expect from critical power supplies?

As a client of Critical Power Supplies you can expect 24x7 support whether on the phone, email or on site because we always deliver on our promise to keep you operational and your satisfaction is paramount to everything we do. Contact us
