

EQACC SOLAR

Nordic Solar Container 350kW

Overview

Where is Nordic solar launching its first battery energy storage system?

Yesterday, Nordic Solar officially inaugurated its first battery energy storage system (BESS) park in Denmark. The facility, located in Borup in the Municipality of Hillerød, marks a great milestone in the company's strategy to integrate battery storage into its portfolio of solar energy projects across Europe.

Why should I join Nordic solar?

Joining Nordic Solar means building a career with exciting opportunities. You will find a space to grow, learn and engage in a collaborative environment. Battery Energy Storage Systems (BESS) are the perfect complement to solar energy, which is one of the most predictable and cost-efficient renewable energy sources available.

What is the largest PV rooftop plant in the Nordics?

The largest PV rooftop plant in the Nordics has been completed with 24.000 panels spanning 100,000 sqm. The project feeds the DSV's 175,000 sqm logistic center in Landskrona, Sweden, with renewable energy. The project utilizes 34 units of Sungrow's SG350HX string inverter.

How many solar panels are in Landskrona?

Built on the 175,000sqm DSV logistics center in Landskrona, 24,000 solar panels spanning 100,000sqm will generate 14 MWdcto power the entire facility and one of the region's biggest cooling warehouses. The solar project is powered by Sungrow's string inverters, including 34 units of the SG350HX three-phase string inverter and 20 units of SG250HX.

Product Model
 HJ-ESS-215A(100KW/215KWh)
 HJ-ESS-115A(50KW/115KWh)

Dimensions
 1600*1280*2200mm
 1600*1200*2000mm

Rated Battery Capacity
 215KWH/115KWH

Battery Cooling Method
 Air Cooled/Liquid Cooled
