

## EQACC SOLAR

# Original battery cabinet supply

## Overview

---

### What is a battery cabinet?

Our battery cabinet, also known as a battery enclosure or battery rack, is a specialized cabinet or housing designed to store and protect batteries used in various applications, including backup power systems, uninterruptible power supplies (UPS), renewable energy storage, telecommunications, and electric vehicles.

### Which battery cabinets are ready to ship?

Ready to Ship. Battery cabinets from diverse manufacturers APC, Toshiba, CC Power, Eaton, Powerware, Mitsubishi, Narada, and Salicru. We stock new and used battery cabinets in support of our energy storage packages, ups backup systems and rental UPS. Speak to a power expert to match up with your specific requirements. Read more. Have any questions?

### What are Arimon battery cabinets?

Arimon uninterruptible power supply (UPS) backup battery cabinets are available for either front access batteries or top terminal (monobloc) batteries. All battery cabinets are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors.

### Why do we need a backup battery cabinet?

Through cutting-edge research and innovation, advanced engineered power products for backup battery cabinets have become essential to our energy future. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible.
