# **Outdoor portable generator power supply**

## Overview

---

Is a solar generator a portable power station?

A solar generator is just a portable power station, coupled with solar panels to re-charge it using the sun's rays. Can I use a different brand of solar panels with my portable power station?

What do you do with a portable power station?

To relax, he loves experimenting with new recipes, tweaking his smart home setup, and spending time outdoors on his bike or camping. Bring big backup power with you with these expert-recommended portable power stations, which can store enough power to charge electronics, appliances, and more.

What accessories do you need for a portable power station?

One of the most common accessories is going to be a cord to connect to similar power stations in series, often times doubling your power output. Some portable power stations have a light bar built into the housing, which is useful for seeing at night. Anker's Solix C300 also includes a pop-up camping light.

Can a DJI portable generator be used as a solar generator?

DJI portable generators are built to be mobile, last, and produce power. Whether it is powering your mini-fridge, charging your drone or running tools, wherever you are. Using DJI's solar panels, you can turn your portable power station into a solar generator.
