

# Palikil Folding Container Long-Term Type

## Overview

---

What are akypak® foldable large containers for non-palletisable loads?

AkyPak® foldable large containers for non-palletisable loads will streamline your logistics operations. Also known as FLCs, Pallet Boxes or Sleeve Packs, these long-lasting and environmentally friendly containers consist of a pallet base, a foldable sleeve, and a lid.

What are foldable pallet containers?

Known for their collapsible design and robust performance, foldable pallet containers are quickly becoming a standard across a wide range of industries. This comprehensive guide explores everything you need to know about foldable pallet containers, including their types, key features, benefits, and industrial use cases.

How do I choose a foldable pallet container?

Foldable containers are perfect for storing fabric rolls, finished garments, and even footwear in a space-efficient and damage-free manner. When choosing a foldable pallet container, consider the following key factors to ensure optimal performance and cost-efficiency in your logistics operations: Estimate the average and peak payload per container.

Why do you need a lid for a foldable container?

Our foldable boxes come with a range of customizable features, offering flexibility for various industries and optimizing your logistics operations. Lids for foldable containers provide essential protection for contents, keeping items safe from dust, moisture, and contaminants during storage and transportation.
