# **Phnom Penh New Energy Storage Application**

## Overview

---

Can battery energy storage be used to power Cambodia's grid?

Large scale battery storage systems CambodiaCan battery ene gy storage be used to power Cambodia's grid?

"The battery energy storage system will showcase how large-scale deployment of innovative technology applications can be used to operate Cambodia's grid in t e future and generate more renewable power."Why should Viet.

Will Cambodia achieve 70% renewables by 2030?

Cambodia is targeting 70% renewables by 2030. Image: Huawei Digital Power. Huawei Digital Power has successfully commissioned what it claims is Cambodia's first grid-forming battery energy storage system (BESS) certified by TÜV SÜD.

How can ADB support a green energy transition in Cambodia?

pport a green energy transition in Cambodia?

"ADB is pleased to support a green energy transition in Cambodia that will promote clean,sustainable,and inclusive economic growth through policy reform in energy planning and governance,improving grid stability,and energy efficiency," said ADB.

Can lithium-ion batteries be used for solar power in Cambodia?

t of 2 gigawatts of solar power in Cambodia.The low cost and high efficiency of lithium-ion batteries has been instrumental in a wave of BESS deployments in recent years for both small-scale, behind-the-meter installat ons and large-scale, grid-level deployments. Battery systems can be used to overcome several challenges related t
