

EQACC SOLAR

Polish solar container energy storage system production company

Overview

The Polish unit of Korean battery major LG Energy Solution will start production of energy storage systems (ESS) at its plant in the western city of Wrocław by the end of the year. Who makes ESS systems in Poland?

The company's ESS product lineup covers all applications in the industry, including grids, residential ESSs, and ESSs for commercial and industrial use. LG Energy Solution acquired NEC in 2022 and soon established the U.S.-based system integrator LG Energy Solution Vertech. SOLARTECH is one of the key players in the Polish EPC market.

Who is Solartech?

SOLARTECH is one of the key players in the Polish EPC market. The company implements photovoltaic parks and energy storage projects on behalf of the largest investors in the renewable energy market. Since 2023 it has been actively investing in the photovoltaic and energy storage markets in Poland and Lithuania.

Which company is a beneficiary of the energy transformation in Poland?

The company is a beneficiary of the current and the planned energy transformation in Poland by 2050. ONDE holds an over 50% share in the wind farm construction market and a 10% share in construction of photovoltaic farms in Poland.

How does Axpo support energy transition in Poland?

While supporting energy transition in Poland, the Company also develops energy storage facilities and expands its offer with large-scale photovoltaic projects. Axpo is cooperating with investors, customers and landowners to build its own generation sources and storage facilities in Poland by 2030.
