

EQACC SOLAR

Portable Power Array

Overview

What is a L1 portable line array system?

The L1® Compact portable line array system: Carry it in one trip. Set it up in one minute. Fill the room with Bose® sound. The L1® Compact system combines conventional PA and monitors into one sleek unit.

What are the best portable array combinations?

When it comes to portable array combinations the main thing you want is amazing sound in a compact and portable package. The TITAN series delivers! The 8" Subwoofer has deep and clear bass and the top array has very balanced highs. The sound is very loud and completely balanced.

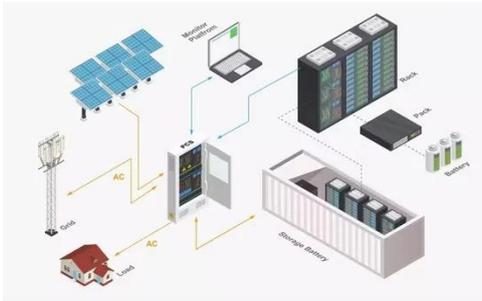

What is the best portable PA system?

As the most portable L1 Pro system, the L1 Pro8 portable PA is ready whenever you are. With an eight driver articulated C-shape line array, the L1 Pro8 delivers 180-degree horizontal sound coverage, making it an ideal companion for shows in small venues like coffee shops and cafes.

What are line array speakers & line array PA systems?

We designed our range of line array speakers and line array PA systems to revolutionize sound reinforcement. Engineered for exceptional clarity and coverage, these systems are designed to deliver powerful, high-quality live sound in a wide range of settings.
