

EQACC SOLAR

Portable Power Products

Overview

What are portable power solutions?

Portable power solutions are used for outdoor activities such as camping, hiking, or tailgating, as well as for emergency backup power during power outages or natural disasters. They can power a range of devices such as smartphones, laptops, lights, fans, small appliances, cpap machines and even power tools, depending on their capacity.

What is a portable power station?

They come in different sizes, capacity, and features, some powering larger appliances like refrigerators or power tools. More people are opting for portable power stations as an alternative power source for outdoor activities, emergency preparedness, and off-grid living. What is a solar generator?

.

What is portable power plus?

Portable Power Plus - your go to source for power stations, solar generators, solar panels and more! We provide the best portable power solutions that are renewable, versatile, and environmentally friendly. Find your perfect portable power solution for camping, RV living, tailgating, general home use and emergency backup power.

What accessories do you need for a portable power station?

One of the most common accessories is going to be a cord to connect to similar power stations in series, often times doubling your power output. Some portable power stations have a light bar built into the housing, which is useful for seeing at night. Anker's Solix C300 also includes a pop-up camping light.
