

## EQACC SOLAR

# Procurement of 1MWh Solar Container

## Overview

---

What is pknergy 1MWh battery energy solar system?

The PKENERGY 1MWh Battery Energy Solar System is a highly integrated, large-scale all-in-one container energy storage system. Housed within a 20ft container, it includes key components such as energy storage batteries, BMS, PCS, cooling systems, and fire protection systems.

How much does a 1MWh battery energy storage system cost?

For a 1MWh battery energy storage system, Energetech Solar offers a system with a price of \$438,000 per unit for a 500V - 800V system designed for peak shaving applications. There are also quantity discounts available, with the price dropping to \$434,350 for purchases of 3 - 9 units and to \$431,000 for purchases of 10 or more units.

Why should you choose Sunway ESS battery energy storage system?

5□ High degree of standardization, integration, rapid deployment, short construction and commissioning period, simplicity and easy maintenance. Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power and capacity requirements of client's application.

What is the capacity of pknergy 20ft container 1MWh battery?

PKENERGY's 20ft container 1MWh battery has a rated capacity of 1000kWh. It uses LFP (Lithium Iron Phosphate) batteries and is designed to have a lifespan of over 10 years. The system can operate completely off-grid.
