Riga rooftop solar panels

Overview

Will a solar energy park be built in the port of Riga?

Today, on 9 September, an agreement was signed between the Freeport of Riga Authority and the Lithuanian company SNG Solar on the lease of land in the Port of Riga in the Spilve Meadows area for the development of a solar energy park.

How much will SNG solar invest in Freeport of Riga?

SNG Solar won the auction organised by the Freeport of Riga Authority for the land lease right and at the beginning of May the Freeport of Riga Board decided to enter into an agreement with the Lithuanian company. The total investment in the park is expected to be between EUR 60 and 80 million.

Will SNG solar build a solar power plant on Spilve meadows?

According to the agreement SNG Solar will build a solar power plant with a nominal capacity of 100 MW on an area of 177.2 ha on the Spilve Meadows site within five years, providing production of about 100 000 MWh of green electricity per year.
