San Jose backup power storage investment

Overview

How will Westbank repurpose data centers in San Jose?

Westbank's project will pair three data centers with up to 4,000 residential units to create a sustainable downtown San Jose. Excess heat from the data centers will be harnessed and repurposed through a district energy system to heat and cool surrounding buildings.

How will San Jose repurpose data centers?

Excess heat from the data centers will be harnessed and repurposed through a district energy system to heat and cool surrounding buildings. The plan addresses the growing demand for artificial intelligence (AI)-driven data centers and housing while advancing San Jose's net-zero goals.

Could data centers for AI triple San Jose's energy use?

Data centers for AI could nearly triple San Jose's energy use. Who foots the bill?

| AP News Data centers for AI could nearly triple San Jose's energy use. Who foots the bill?

San Jose, the symbolic capital of Silicon Valley, is now ground zero in California's battle over how to govern the rise of data centers used to power artificial intelligence.

What is Eastdil Secured & Westbank's San Jose data center project?

Eastdil Secured, a global real estate investment bank, will lead the process of identifying partners who support using data centers to enhance communities. Westbank's project will pair three data centers with up to 4,000 residential units to create a sustainable downtown San Jose.
