

EQACC SOLAR

Slovak solar glass brand

Overview

Who is Slovak solar?

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future. We started our journey in 2009 with a simple idea – to give companies specialising in solar installation access to premium photovoltaic products, all from one place.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV).

What is BIPV & how does it work in Slovakia?

From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV). We led the way with the first-ever 400kWh Battery Backup System, even before container-based battery systems became mainstream.

Who is thermo/solar Ziar?

THERMO/SOLAR Ziar is one of few producers in the world with all main manufacturing processes fully integrated in a single production plant (production of selective conversion layer and absorbers, sheet pressing of collector casings, final assembling of collectors).
