What are the best outdoor lights for outdoor spaces?

Our top pick for most outdoor spaces is the AloftSun Motion Sensor Solar Landscape Spotlights. We love these lights so much, we've tested them twice. Both times we found them to be durable, easy to use, and bright. We also love that these spotlights can detect motion from as much as 33 feet away, depending on the setting.

Does Lowes sell solar lights?

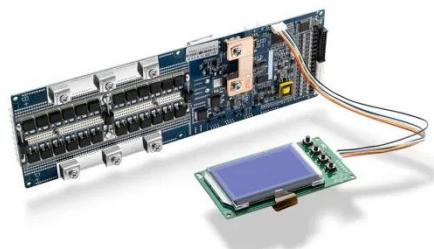

Draw attention to your manicured garden with a solar spot light and keep drivers safe with a solar flood light to light your driveway. Lowe's also carries solar versions of patio lights, pathway lights and string lights so you can light all your outdoor areas with the power of the sun.

The average cost of outdoor lighting installation is \$2,000 to \$4,000. For instance, the average cost for a homeowner to install eight LED step lights and 12 hardscape lights around a pool area, including wiring and related costs, is around \$3,000.
