

EQACC SOLAR

Solar container communication station energy storage fire protection plate

Overview

Which energy storage projects are NFPA compliant?

In 2018, the first energy storage project to apply active combustible gas detection to NFPA standards
In 2018, the first energy storage project to apply self-developed suppression tube fire extinguishing products to NFPA standards.

Which energy storage projects have won NFPA certifications in 2021?

In 2021, won the Best Fire Safety Solution Award in China's Energy Storage Industry
In 2022, the first energy storage project to mass apply explosion-proof plate design to NFPA standards
In 2023, Gaogong Energy Storage - New Product Innovation Award
In 2024, Changzhou Smart Manufacturing Factory was officially completed and launched (IATF16949).

What is the largest energy storage project in China?

In 2019, the NFPA standard energy storage project (652MW) provided the largest single ESS project at that time
In 2021, an EN standard energy storage project (1.3GW) was provided, which was the largest single ESS project at the time
In 2021, won the Best Fire Safety Solution Award in China's Energy Storage Industry

Solar container communication station energy storage fire protection

Test certification
CE FC

ENERGY STORAGE CONTAINER FIRE SUPPRESSION SYSTEMS

Energy storage container fire protection assembly The energy storage fire protection system is mainly composed of a detection part and a fire extinguishing part, which can realize the ...
