

EQACC SOLAR

Solar container communication station solar controller

Overview

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why do you need a solar container?

Deploy power in hours Perfect for remote locations, construction sites, events, and emergency response situations. Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere.

What is a LZY mobile solar system?

LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar arrays, reducing reliance on diesel fuel by 80% and are ideal for mining, factory production and off-grid infrastructure.

Solar container communication station solar controller

Solar Container ConSOL

How does the ConSOL work? ConSOL is a mobile, solar-powered generator. It runs on PV panels that extend from its container's roof. Energy is stored in Lithium or Gel batteries. As a self ...

- High energy density and long cycle life
- Modular structure

- No need to replace the battery
- Shorter charging time
- Meets 99% EV car

Solar Container , Large Mobile Solar Power Systems

Professional mobile solar container solutions with 20-200kWp solar arrays for mining, construction and off-grid applications.
