

# Solar energy storage on the island of Zurich Switzerland

## Overview

---

### What is solar & storage live Zurich 2026?

After the great success of Solar & Storage Live Zurich 2025, we are delighted to invite you to join us again in 2026 – as we continue driving the transition towards a brighter, greener future! Our mission is to accelerate the adoption of solar energy propelling us towards a global landscape powered by clean, renewable energy sources.

### How does electricity storage work in Switzerland?

Electricity storage is not separately defined in the Swiss legislative framework. The biggest obstacle for electricity companies is to obtain a construction permit and a concession for the operation of a pumped storage plant, which is granted for a maximum of 80 years.

### When is solar & storage live?

The Solar & Storage Live will take place on 2 days from Wednesday, 16. September to Thursday, 17. September 2026 in Zurich. 16. - 17. September 2025 17. - 18. September 2024 Product groups: advertising, photovoltaic systems, photovoltaic technology, renewable energy, solar energy, solar modules, solar technology.

### Why should you attend the solar & storage live awards?

Another highlight is the Installation Training Hub, provided by leading providers in the solar industry, serving as a center for professional development and specialization. A special feature of the event is the Solar and Storage Live Awards, which recognize outstanding achievements in the solar and energy sectors.
