Solar power storage in China in Namibia

Overview

Is NamPower partnering with China to build Rosh Pinah solar power plant?

WINDHOEK, Sept. 9 (Xinhua) -- Namibia's state-owned power utility, NamPower, on Monday signed an engineering, procurement, and construction contract with a Chinese joint venture for the 100MW Rosh Pinah Solar PV power plant.

Does Namibia have solar power?

The southern region of Namibia experiences -on average- 11 hours of sunshine/day, and an average direct solar radiation of 3000 kWh/m²/year . With these conditions, Namibia has a huge potential for installing solar water heaters, solar photovoltaic (PV) systems, and concentrated solar power (CSP) plants .

Did NamPower sign an EPC contract with China?

NamPower, on Monday did signing on the engineering, procurement, and construction (EPC) contract with a Chinese joint venture for the development of Namibia's Largest Solar Plant project, the 100MW Rosh Pinah Solar PV Power Plant.

Why should Namibia invest in a mega solar project?

This mega solar project will support Namibia's efforts to enhance its renewable energy infrastructure and is expected to greatly contribute to the country's general electricity supply security and also its sustainability goals.
