# **Southeast Asia Energy Storage Container**

## Overview

---

Are battery energy storage systems revolutionizing energy solutions?

In an article featured on The Business Times, Rodrigo Hernandezvara, Head of Solar C&I at ENGIE highlights how Battery Energy Storage Systems (BESS), combined with renewable energy sources like solar power, are revolutionizing energy solutions for the region.

How will Bess help Southeast Asia reshape the energy landscape?

By providing flexible, reliable, and scalable power, BESS enables Southeast Asia to overcome traditional infrastructure limitations and embrace a sustainable future. What role will BESS play in reshaping Southeast Asia's energy landscape?

[Explore the insights here.](#)

How much electricity can a floating ESS hold?

6 The floating ESS at Seatrium's FLL has a maximum storage capacity of 7.5 megawatt hour (MWh) and can meet the electricity needs of more than 600 four-room HDB households for one day, in a single discharge.

## Southeast Asia Energy Storage Container
