

**EQACC SOLAR**

# **Spanish new solar panel manufacturer**

## Overview

---

Who makes solar panels in Spain?

The Spanish operation of American solar manufacturer Sunpower focuses on the high-efficiency residential and commercial markets. Their Maxeon technology maintains popularity among Spanish homeowners seeking maximum energy production from limited roof space.

What certifications do solar panels have in Spain?

Another important certification is the IEC 61730 which deals with the safety of the panel. It ensures the solar panel has been tested for mechanical stress and safety from fire hazards. Additionally, Spain also follows the UNE 206007 IN standard specifically for self-consumption photovoltaic systems.

Does Spain have a solar market?

Spain is rapidly transitioning to renewable energy sources, with solar power serving as the focal point of this transition. Spain presents a prospective market for solar companies due to its government's support for renewable technologies and the abundance of sunshine.

Who are the best solar mounting solutions in Spain?

With their "Do it right the first time" philosophy and extensive product range available through components and accessories, Grace Solar has become the preferred mounting solutions partner for Spain's rapidly expanding solar market. 4. Repsol Renovables
