

EQACC SOLAR

Supplier of waterproof energy storage containers for ports

Overview

What is ATEX container?

ATEX container, Explosion proof container Battery Energy storage system (BESS) container, container for energy hybrid solutions. Driven by the passion for being a global leading supplier of containerised solutions, TLS does the best to deliver the most premium quality product and service to our clients cost competitively and efficiently.

What is containerized energy storage?

ABB's containerized energy storage solution is a complete, self-contained battery solution for a large-scale marine energy storage. The batteries and all control, interface, and auxiliary equipment are delivered in a single shipping container for simple installation on board any vessel. How does containerized energy storage work?

.

How does a maritime energy storage system work?

The maritime energy storage system stores energy when demand is low, and delivers it back when demand increases, enhancing the performance of the vessel's power plant. The flow of energy is controlled by ABB's dynamic Energy Storage Control System.

What is a specialized battery energy storage system (BESS) container?

TLS provides specialized Battery Energy Storage System (BESS) containers in three distinct types of BESS containers, each designed to cater to our global clients' unique needs. 1. Our first offering is a basic container equipped with a battery rack, providing a customizable foundation for energy storage needs.
