Thailand electric storage vehicle solar container lithium battery pack

Overview

Will Thailand's first EV battery production plant boost EV industry?

Under joint efforts, venture expected to give impetus to industry in SE Asia Thailand's first domestic electric vehicle battery pack production plant went into operation on Thursday. The plant, run jointly by Chinese battery cell manufacturer Gotion High-tech and Thai company Nuovo Plus, is expected to give Southeast Asia's EV industry a boost.

Who makes EV batteries in Thailand?

The facility, operational since 2024, produces lithium-ion battery packs (LFP and NMC) for EVs, targeting 60,000 units annually. Leveraging Great Wall Motor's automotive expertise, SVOLT focuses on cobalt-free batteries, enhancing cost-efficiency and sustainability. The company supports Thailand's EV ecosystem, supplying local and ASEAN markets.

Who is Thai storage battery?

Overview: Thai Storage Battery is one of the oldest battery manufacturers in Thailand, known for its strong presence in the automotive and industrial sectors. TSB is transitioning into lithium-ion but remains a key player in traditional batteries. Established Time: 2023.

Why is Thailand a key player in the lithium-ion battery market?

As the global shift toward clean energy accelerates, Thailand is emerging as a key player in the lithium-ion battery market, driven by its strategic position in Southeast Asia's electric vehicle (EV) and renewable energy boom.
