

Three-phase folding containers used at Ghana's port terminals

Overview

What's going on with the Tema port expansion project in Ghana?

Work on the second phase of the Tema Port Expansion Project in Ghana is in full swing. According to the latest update, the new revetment and dredging works are progressing nicely, and the yard expansion is approaching the next milestone on time.

Who operates Ghana ports & harbors terminals?

The terminal is operated by MPS, a joint venture between Ghana Ports and Harbors Authority (30%), APM Terminals (35%) and Africa Global Logistics (35%). Daily news and in-depth stories in your inbox.

What is GPhA doing to promote maritime trade in Ghana?

Over the past few years, maritime trade into Ghana has witnessed significant growth and in pursuit of this development objective, GPHA has embarked on the upgrade and expansion of the seaports at Tema and Takoradi as well as the development of new commercial and fishing ports.

What makes Ghana's Tema Port a success?

Ghana's Tema Port shows what's possible when vision meets execution—combining advanced infrastructure, digitalisation and strategic partnerships. Its success is setting the standard for ports across West Africa to compete globally. [Read more.](#)
