Vietnam 500kwh energy storage vehicle equipment

System Topology

Overview

Did Marubeni launch a megawatt-scale battery storage demonstration project in Vietnam?

The project's official inauguration event held in December. Image: VinGroup. A green energy subsidiary of Japanese conglomerate Marubeni has brought online a megawatt-scale battery storage demonstration project in Vietnam.

Who is VinFast energy?

VinFast Energy is the leading solution provider in Energy Storage System with comprehensive capabilities from R&D to manufacturing. VinFast Energy applies high technology of lithium-ion battery to offer Energy Storage System with high quality and safety following international standards.

How much power will Vietnam have by 2030?

The plan also called for 300MW of battery storage deployment and 2,400MW of pumped hydro energy storage (PHES) by 2030. State-owned public power company Vietnam Electricity (VE), is participating in a 50MW/50MWh grid-scale BESS pilot project which marks a first step towards that BESS goal.

What is VinFast energy's Bess project?

VinFast Energy's domestically manufactured BESS features high energy density, liquid cooling technology and parent company VinGroup likewise aims for the project to showcase what the manufacturer can do.
