

EQACC SOLAR

Waterproof Energy Storage Container for Construction Sites

Overview

What is a construction site container?

Herocont offers turnkey solutions for modular and prefabricated buildings, such as furniture and industrial kitchen equipment! Construction site container or construction container is a modular container, resistant to harsh conditions in various construction sites.

What are construction containers used for?

These type of containers, which are used as work offices, dormitories, dining halls, kitchens and security sites in energy, mining, oil, housing and many other construction sites, offer a fast and practical solution to construction companies.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.
