Here at Green Solar Electric we specialize in repair and service most major brands of Solar Power Inverters. When you contact Green Solar Electric for Solar Inverter Repair, we'll walk you through a number of simple checks to narrow down the problem.

Why should I contact green solar electric for solar inverter repair?

When you contact Green Solar Electric for Solar Inverter Repair, we'll walk you through a number of simple checks to narrow down the problem. In some cases the problem could be as simple as a tripped breaker or even a faulty breaker, resetting the inverter can solve some problems as well.

Do you repair inverters in southern Africa?

We perform repairs to a majority of inverters in and around Southern Africa. We have seasoned technical and in-depth knowledge of how inverters function and have the requisite skills to repair most faults. We tackle faults such as surge or overload damage, failure to start up completely or charging issues from both AC and Solar.

Are all inverters repairable?

Please Note: not all Inverters are repairable, in the event that your Inverter is not repairable, we will apply your deposit towards the purchase of a New or Refurbished Inverter when available. To get your Inverter repaired please fill out the contact form below. We repair most major brands of Solar Power Inverters, Grid Tie & Off Grid Inverters.
